

## IN MY EXPERIENCE

by Val Don Hickerson, Bandon, Oregon

This is the latest in a series of fact based articles on global over-population. Immigration, both legal and illegal, and their offspring cause over 80% of population growth in the United States.

Homeland Security and the Social Security Administration. E-Verify can determine with great accuracy the authenticity of the personal information and credentials offered by employees and new hires.

Past articles spoke of solutions to the problem of identifying illegal aliens. Here is an article from the July issue of "The Phyllis Schlafly Report" www.eagleforum.org that tells about three solutions.

"Approximately 99.4% of lawful workers receive immediate positive verification, while the other 0.6% of lawful workers receive positive verification after a brief visit to the local Social Security office. ...

"Stimulus Jobs for Illegal Aliens? Will taxpayer-financed Stimulus Jobs be given to illegal aliens? Contrary to the liberals' no-can-do-approach toward our wide-open borders, at least three 'shovel-ready' solutions are readily available to close dangerous gaps in our border security. The three solutions are E-Verify, No-Match Letters, and US-VISIT.

"In most cases, verification occurs almost instantly. E-Verify has been proven to successfully verify employees queried through the system within five seconds. Opponents of this program, to date, have been unable to find a single instance in which legal, U.S. citizens have lost their jobs due to an E-Verify error.

"E-Verify is a real-time, internet-based, voluntary verification system run by the Department of

"The Obama Administration doesn't like E-Verify because it works. It is due to expire on September 8... (Great news! A message from NumbersUSA said that

E-Verify use by federal contractors became mandatory on Sep. 9 as a result of your constant pressure last year.)

"While E-Verify is meant to catch illegal aliens at the point of initial hiring, No-Match Letters are a means of identifying those who already hold jobs illegally. ...

"Soon after 9/11, federal employees sent a million No-Match Letters to employers that had reported at least 10 phony Social Security numbers on their employee wage reports. That caused a firestorm from the usual suspects, and the Bush Administration stopped the program.

"With the collapse of 'comprehensive' amnesty legislation in the summer of 2007, the Bush Administration again prepared to send out a batch of a half-million No-Match Letters to employers who were still submitting many false or stolen ID numbers. A federal district judge issued a nationwide injunction against mailing the letters, and then-DHS Secretary Michael Chertoff meekly obeyed.

"The third important tool available to secure our borders is the long-delayed US-VISIT system for tracking the entry and exit of tourists, students, and temporary workers. It's estimated that 40% of all persons illegally present in the United States actually entered with legal documents, but simply failed to go home when they were supposed to.

"US-VISIT should have caught most or all of the 9/11 hijackers before they carried out their murderous conspiracy. There is simply no way we can protect our national security unless we can reliably know who is entering and leaving our country each day.

"Congress originally authorized US-VISIT in the Illegal Immigration Reform Act of 1996, but its completion was delayed by 12 years of foot-dragging by the Clinton and Bush Administrations. The Obama Administration shows no sign of using this critical important tool."

## COOS BAY OPEN HOUSE AT CITY HALL

There will be a public open house meeting held between 6:00 p.m. and 9:00 p.m. on Tuesday, September 22nd, at the Coos Bay City Council Chambers. The purpose of the meeting will be to receive public input on Coos County's Transportation System Plan currently being developed for the County by David Evans and Associates. Members of the Engineering firm, Oregon Department of Transportation and the County will be present to answer questions. All citizens are encouraged to attend to address the progress of the Transportation System Plan.
